

# STRAWBERRY DAIQUIRI MOCKTAIL

## Ingredients

- 12 ounces (2 cups) frozen louisiana strawberries
- ¼ cup simple syrup
- 3 tablespoons lime juice, freshly squeezed
- 1 cup tonic water or lemon lime soda (Sprite), plus more for serving
- 1/2 to 3/4 cup water
- 1 cup ice

## Instructions:

- Place all ingredients in a blender and blend until a smooth, thick puree forms, adding just enough water and stopping and scraping as necessary. (All blenders are different, so start at the low end of the water and work up.)
- If desired, serve with a small splash of lemon lime soda in each glass. (This can make a more drinkable texture, depending on how much liquid you use.)
- Garnish with fresh strawberries and lime wheels, if desired.
