

WATERMELON MINT REFRESHER

with lime and apple cider vinegar

Ingredients

- Fresh or frozen watermelon
- Soda water or kombucha
- 1 teaspoon apple cider vinegar
- Lime
- Mint leaves

Instructions:

- Place watermelon and lime into a shaker. You can use a mason jar, drink bottle or anything with a tight lid if you don't have a shaker.
- Muddle to extract as much juice as possible from the watermelon.
- Add the mint leaves to the shaker.
- Add 2-3 cubes of ice to the shaker and shake well to combine.
- Strain the watermelon mixture into an ice filled glass.
- Top up with soda water (or kombucha if you like!).
- Add a splash of apple cider vinegar (optional) and stir well to combine.
- Garnish with a watermelon wedge and a slice of lime.
